

# YASA KAFI RAZZAN

## FRONTEND DEVELOPER

+62 895-2568-3801 | yasazerina@gmail.com | [LinkedIn](#) | [Github](#)

I am a graduate of SMK Raden Umar Said Kudus with a strong interest in frontend development for both mobile and web platforms. Since grade 11, I have been actively involved in real industry projects through a software house team and an internship program. These experiences helped me build practical skills in creating responsive and user-friendly interfaces. I am passionate about continuous learning and contributing to impactful frontend projects.

### PROFESSIONAL EXPERIENCE

#### ByteBuilders IT Solution (Freelance)

Mar 2023 - Present

Frontend Developer

- Developed a responsive web interface using Next.js, integrating APIs to ensure functionality and data flow.
- Delivered a PPDB (student registration) website for an elementary school in Kudus, streamlining the registration process and making it more accessible for parents.
- Enhanced the school's online presence with a professional web profile, improving visibility.
- Successfully completed the first client project, establishing a foundation for future growth.

#### PT Dynamic Talenta Navigator (Intern)

Oct 2024 - Apr 2025

Flutter Developer | Web & WordPress Developer

- Contributed to various mobile and web development projects as part of a dynamic internship program.
- Built and maintained cross-platform mobile applications using Flutter, ensuring responsive design and smooth performance.
- Developed responsive web applications using Next.js and integrated REST APIs to ensure seamless functionality.
- Customized and maintained WordPress-based websites for clients, improving usability and SEO performance.
- Collaborated with cross-functional teams to deliver high-quality solutions for multiple clients from different industries.

### EDUCATION

#### SMKS Raden Umar Said Kudus

2022 - 2025

Vocational High School of SMKS Raden Umar Said Kudus

- Major in Software Engineering.

#### SMPN 1 Kudus

2018 - 2021

Junior High School

### ORGANIZATION EXPERIENCE

#### Intra School Student Organization

Nov 2022 - Nov 2023

- Actively participated in and contributed to the successful planning and execution of school events organized by our team.

## PROJECT PORTOFOLIO

---

### Tedikap App - Capstone Project

Mar 2024 - Aug 2024

Flutter Developer

- Lead a team of 2 developers, manage tasks, review frontend and backend work, and communicate with clients (outlet owners) to ensure successful application development.
- An application designed as an online food and beverage ordering platform in collaboration with Tedikap.
- Transformed UI/UX designs into responsive frontend code using Flutter, and collaborating with the backend team using Laravel.
- Build features that allow users to pick up their drinks, tedikap points to redeem product rewards and vouchers and promos.

### CultureKu - Indonesian Culture

Sept 2023 - Jan 2024

Project Leader & Frontend Developer

- Led a team of 3 to develop an educational website exploring Indonesia's cultural heritage, providing in-depth content on history, art, music, dance, traditions, and cuisine.
- Website with the theme "Digital Culture Exploration: Exploring Indonesia's Cultural Wealth through Web Design" which received the best spirit award at Techomfest 2024.
- Designed an informative page about 34 provinces in Indonesia, offering users a deeper understanding of local culture.
- Developed using the React.js framework and Tailwind CSS.

### Proto - Project Together

Jul 2024

Frontend Developer

- This project was developed as part of the Garuda Hack 5.0 hackathon, a 36-hour event focused on the theme "Stronger Together".
- Transformed UI/UX designs into responsive frontend code using Next.js, and collaborating with the backend team using Laravel.
